The board of directors' proposal for resolution on authorisation for the board of directors to resolve on issue of shares (item 14)

The board of directors of Acconeer AB (publ), reg. no. 556872-7654, (the "**Company**") proposes that the meeting authorises the board of directors until the next annual general meeting to, on one or more occasions, resolve to increase the Company's share capital by issue of no more than shares corresponding to twenty-five (25) per cent of the total number of shares in the Company at the time of the meeting's decision of authorisation.

However, such issues may not cause the share capital in the Company to exceed the Company's highest allowed share capital according to the articles of association. The board of directors may deviate from the shareholders' preferential rights. The reason for the board of directors' authorisation to deviate from the shareholders' preferential rights is to enable the Company to raise new capital and to take advantage of future opportunities to attract new long-term owners, and to finance the Company's growth strategy. The authorisation also includes the right to decide on payment for the issued shares by set-off, in kind or with other conditions as referred in Chapter 13, section 5, item 6 of the Swedish Companies Act (Sw. *aktiebolagslagen (2005:551)*). At a deviation from the shareholders' preferential rights, the issue rate shall be determined in accordance with market conditions, taking into account any discount on market terms.

For a valid resolution on the proposal in this item 14, the proposal has to be supported by shareholders representing at least two-thirds (2/3) of the votes cast as well as shares represented at the meeting.
